

**COMPASS**

Center for Complex Particle Systems

Want to explore your passions in the STEM field?

Sign up for our virtual consulting program!

This program will connect high school students with professors nationwide to offer consulting on science projects.

- Topics include :
- materials characterization
  - modeling tools for materials analysis and behaviour prediction
  - graph theory for imaging analysis
  - chemical characterization

Sign up to get matched with a professor in a topic that interests you the most!
